BECKHAM TO SPEAK IN PARIS ON THURSDAY, 30TH.

Mayor J. T. Hinton, who is acting as campaign manager in Bourbon for ex-Governor Beckham in his race for U. S. Senator, yesterday received a telegram from Mr. Beckham stating that he would be in Paris on Thursday, July 30th, to address the voters of this county. The address will be made at the court house at 1:30 o'clock on the above date and a tremendous crowd is expected to attend. Mr. Beckham has a strong following here and will carry the city and county by a tremendous majority.

With only a few days more until the primary election this will no doubt be one of the hottest speeches made during one of the most strenuous campaigns ever waged in Kentucky.

WHY NOT UTILIZE PARIS FAIR GROUNDS AS PARK?

In view of the fact that the Bourbon County Agricultural Society will not hold a fair this fall on their property, a number of inquiries have been made in this office as to what disposition will be made of the grounds. It has been suggested that the Association could make a little money by converting the grounds temporarily into an amusement park for the remainder of the summer and early fall.

Taking into consideration the liberal patronage bestowed on the Ellery Band during its afternoon and night performances here last summer, it has been suggested by a public-spirited citizen that the Association make contracts with some of the leading musical organizations for a series of summer night concerts at the Fair Grounds, and especially for sacred concerts on Sunday afternoons and nights. The popularity of such amusements is unquestioned and the large crowds that patronized the Ellery Band performances attests the fact that Paris people would rather patronize a first-class musical attraction than any other form of entertainment.

It seems to us that the Association could make a neat profit by using the grounds for this purpose, rather than let them be idle and unoccupied all the year round.

Some hustling citizen should take up the matter with the directors and push it to a successful conclusion. Do we hear from "Roxie" Davis?

LOCAL OPTION PETITIONS CIRCULATED IN THE COUNTY

Petitions asking for the submission of the proposition of whether spirituous, vinous or malt liquors shall be sold, bartered or loaned in Bourbon County, this proposition to apply also to druggists, are now in circulation in every precinct of the county. The petitions, we are informed, designate September 23 as the day upon which the question is to be submitted.

Under the law as amended by the Legislature of 1914, twenty-five per cent. of the voters of the entire county, irrespective of precinct lines, is sufficient to have the proposition submitted. The legality of this proposition, it is said, will be questioned by legal advisers of the "wets."

So far there has been no open agitation in this city of this proposition, and whatever campaigning has been done has been conducted very quietly.

REFRESHING RAINS HELP TO BREAK THE DROUTH.

The continued drouth which has prevailed in this section since some time in May, has been broken by rains which fell the early part of the week. On Sunday, the hottest day of the year, a light rain fell, followed Monday by light showers. Tuesday gave the most promise of relief when, in the afternoon our old friend, "copious showers," paid the parched earth a visit and received a genuine welcome. Reports from the county state that the rains have done much good toward refreshing the vegetation that has been suffering for so long. More rain is badly needed, as the ground has rapidly absorbed the moisture that has fallen, and the benefits, for which all most deeply concerned are truly grateful, were but temporary.

WERE DISAPPOINTED.

"There were several members of the Pendleton Bible Class sorely disappointed Sunday, when they failed to get farther from Winchester than four miles in their trip to Paris. The auto belonging to Mr. Shields Bush broke down and they were all compelled to wait until a car from town could tow them back. It was a sad lot returning home, that a few minutes before had left the church with happy faces. Mr. James Broadbush started to walk to Paris, but on being told that the distance could not be covered before the exercises would be over, turned back and joined his comrades in the ride back home.—[Winchester Democrat.]
